The Patriotic Home Helpers' Association

IS A SOCIETY organized within the limits of the City and County of San Francisco, for the purpose of aiding the families and dependents of the brave Volunteers who have answered duty's call, and are now defending the old flag and upholding the honor of our country in far-away Manila.

The public responded nobly to the Society's call for aid to carry on its work, and many families, who were in distress, have had their hearts gladdened and their homes made bright and cheerful through the munificent charity of this noble organization.

Though the war is happily at an end, the labor of the society is not, and its good work must still be carried on until the Government returns us her brave defenders, and their mission abroad is ended.

In furtherance of its aims and objects, and with the hope that it might have increased funds with which to carry on its work; the idea was conceived to have published an Illustrated Roster of California Volunteers, handsomely gotten-up, which would prove a useful souvenir of the war with Spain, as well as a valuable book of reference. The book is here completed at great cost, and is now offered to the public for its endorsement, and it is to be hoped that the well-known public spirit of our generous citizens will not falter at this time, but that they will cheerfully respond to this noble charity by freely and willingly subscribing to this publication, which is here submitted to them.

In conclusion, the Society desires to return its thanks to those of the business men of the city who have so generously aided the production of this little volume by placing their business cards therein, which, though not entirely, has nearly covered the cost of publication, and it is sincerely hoped that they will all reap some benefit in return for the generous spirit which prompted them to lend this enterprise a helping hand.
